## Holiday Trails

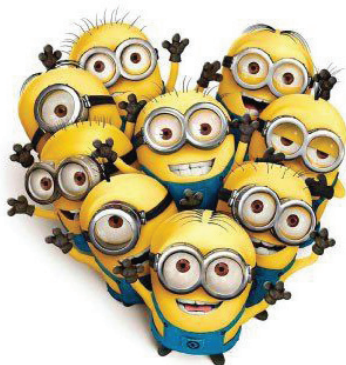

RV Resorts

### Camperland RV Resort & Cabins

The Trans Mountain Pipeline project has now made its way through Camperland, the Waterpark and the Motel. The sites in Shady Lane have all been rebuilt with new power and water to each of the 24 affected sites. While it was somewhat inconvenient, we do appreciate everyone's patience as the work was completed and the areas were rejuvenated.

### Country Maples RV Resort

There is now a repaved roadway from the entrance down into the Park. While an expensive project it has been well received and appreciated by all.

The fence dividing the Park from our neighbors next to sites 1, 2, 3 and 8 was in dire need of replacement. This project is now complete. We appreciate the cooperation from the neighbors as we put up a nice new fence.

### Sunshine Valley RV Resort & Cabins

The RV Resort now has a new bathroom and washhouse at the far end of the Park. This will provide a closer facility to those at this end of the site. In addition, numerous tenting sites have been created and will be operational in 2024.

## Membership Updates and Reminders

Throughout the past few camping seasons, we have seen an increase of short notice member cancellations and no shows. This creates unused/empty sites throughout the parks which could otherwise be reserved for other RV'ers if the cancellations were made with longer notice. With this in mind, we have implemented a cancellation policy for the HTR members as follows:

- Reservation cancellations made outside 72 hours of arrival date will not be charged cancellation fee.
- Cancellations made within 72 hrs. will be charged one night's fee.
- Failure to show up on reservation day (no-show) will result in forfeiture of the whole reservation and the member will be billed for up to three nights.
- Please call the registration office if you are not arriving on your reservation date so we may free up your site for someone else.

This policy is noted on the Business Terms & Conditions page on our online reservation system and on our website under the Member Usage information tab. We encourage you to review these policies on our website periodically as they are updated frequently.

Some of the other membership policies to take note of are as follows:

Booking an extra day to get a "late check out" time or leaving before scheduled checkout day without advising Registration office. Doing this usually prevents the site from being booked for another RV'ers' requested stay and leaves the site unused for the night(s).

Members are not permitted to leave their unit unoccupied overnight on a site without permission from the Park Manager. Such permission is restricted to cases of emergency and is at the sole discretion of the Park Manager. The membership was not designed for reserving and dropping off the camping unit for your allowed days and stopping in for short term visits when time permits. For the short term RV'ers, we have a separate "out time" of 2 nights rather than 14 nights. This allows the flexibility of using your membership for two or three nights at a time and not having to wait for 14 nights to return to the park. This will also free up the site so other RV'ers may enjoy the resort.

Member reservations are open for 2024 so Book Now!! HTR members may start making their reservations on September 1st for the following year. Please visit our individual park listings on our website, [www.htr.ca](http://www.htr.ca), to make online reservations or call the park directly.

If you have any questions about your membership or the usage rules, please call the head office and speak with the Membership Services team.

## Manning Park Resort

While not a part of HTR Membership; Skyview RV Campground at Manning Park is open year-round. There are over 60 sites available with a full washhouse/bathroom facility available. A shuttle is available daily from the Campground to the Ski Area. Get out and enjoy camping in the Winter!

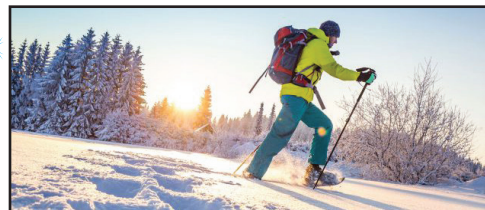

## Winter Member Bookings

Members can use their membership to stay at Sunshine Valley or Country Maples. This winter we have also opened some sites for winter camping at Camperland. There is a reduced charge for members to winter camp at Camperland. Book online at [www.holidaytrailsresorts.com](http://www.holidaytrailsresorts.com).

## Snowshoeing

We had our first sign of snow recently! Get outdoors and active by trying snowshoeing at Sunshine Valley this winter. There are numerous places to get out for a walk. Snowshoes are available for rent in the store.

## Cozy Camping Cabins...
